TROMSØ'S KICK-OFF

Our venture begins in the vibrant city of Tromsø, a place once dubbed the 'Paris of the North,' where the harmonious blend of history and modernity will captivate your senses.

As we gather our group, we invite you to begin the experience by savouring the midnight sun from The Edge hotel's rooftop terrace, all while enjoying a delightful Nordic-style dinner - the ideal setting for everyone to meet and mingle, starting to forge those initial connections that will make your journey truly memorable.

DRIVING THROUGH THE CROWN JEWEL OF THE NORTH

As we kick off this adventure, you'll soon be enchanted by the captivating beauty of the Lofoten Islands, where unspoiled nature and picturesque landscapes seamlessly merge into a breathtaking masterpiece.

FERRY RIDE

After our Lofoten exploration, we'll embark on a scenic ferry ride back to the mainland, where we'll spend the evening in the coastal city of Bodø.

The road ahead will lead us through breathtaking mountain passes and alongside majestic fjords, creating an awe-inspiring backdrop to your supercar adventure.
